REPORT OF SUPERINTENDENT OF SCHOOLS

February 3, 1936.

School Board and Citizens of the Dorchester School District:

Gentlemen:

I hereby submit my sixth annual report as Superintendent of Schools.

During the school year 1934-1935 the district operated the Cheever school with 16 pupils. Three were from Groton. It sent 2 elementary pupils to Canaan and 2 to Lyme as more practical than to place them in its own schools. Two more were boarded near the Cheever school. These six children were in camps and not permanent. It is difficult to anticipate the number of children, but the Board by prudent management was able to finance the schooling of these children without an emergency appropriation or advanced state aid allotment.

The work at Cheever is motivating well this year. New arithmetics were adopted this year which are proving to be more interesting and challenging to the children. With an allowance for the old books the change was not expensive. During the summer, one side of the roof was shingled. When the chemical toilet is moved from North Dorchester and a hard floor laid the building will be in very good shape.

Transient children continue to be a problem this year. At present there are 7 elementary scholars attending Canaan elementary schools. The Board has assurance that advanced state aid will be granted for these unanticipated children, so that the district need not expect to be financially embarrassed as to the situation.

During the summer the North Dorchester school house was shingled and one side of the town house school.

After several years of careful and efficient work, Miss L. M. B. Underhill was relieved of the health supervision of the district. Rumney and Dorchester being considerable distance from Woodsville, it seemed expedient to have Mrs. Anna Lovett of Plymouth take over these two districts. This divided the load of the two nurses much more evenly.

Respectfully submitted,

ALLAN M. McCURDY.
